

WASC - Courses/Course Directors

Teaching Methods

Appendix 18

Course	Director	Teaching Methods
BMS 116	Mike McMaster	Small and large group discussion, self-directed study of online modules, reading assignments, supervised and unsupervised laboratory exercises
BMS 117	Shirley Lowe	Lecture, hands-on laboratory exercises, small group discussion
BMS 126	Mike McMaster	Small and large group discussion, self-directed study of online modules, reading assignments, supervised and unsupervised laboratory exercises
BMS 127	Richard Jordan	CLE modules for self-instruction, lecture
DentSci 116	Mark Ryder	Lecture
DentSci 117	Mark Ryder	Lecture
DentSci 126A/B	Mark Ryder	Lecture
DentSci 127	Hossaini	Self-assessment, small group discussion, case presentation, simulation
DentSci 128	Charles McNeill	Case presentation, lecture
PCC 106	Poppi Singh	Coaches evaluations, direct clinical supervision, individual tutoring for remediation, simulation, writing assignments, one-on-one instruction, CLE resources for self-study, small group seminars
PCC 107	Kurt Schroeder	Simulation, small group seminar/discussion, case presentations
PCC 108	Gaurav Setia	Clinical experiences
PCC 109	Mehran Hossaini	Self-assessment, small group discussion, clinical experience
PCC 129	Howard Pollick	Lecture, simulation, community experiences, clinical experiences
PCC 131	Mark Dellinges	Lecture, narrated course material available online for self-study, reading assignments, small and large group discussion
PCC 132	Mark Dellinges	Lecture, narrated course material available online for self-study, reading assignments, small and large group discussion
PCC 133	Mark Dellinges	Lecture, narrated course material available online for self-study, reading assignments, small and large group discussion
PCC 134	Mark Dellinges	Lecture, narrated course material available online for self-study, reading assignments, small and large group discussion
PCC 135	Arndt Klotke	Hands-on laboratory exercises, small group discussion, lecture
PCC 136	Brent Lin	Lecture, small group discussion, self-directed learning via CLE resources, clinical and case simulations, typodont simulation, clinic observations, simulated private practice model
PCC 137	Caroline Shiboski	CLE resources, clinical experiences

WASC - Courses/Course Directors

Teaching Methods

PCC 138	Peter Loomer	Clinical instruction, small group seminars, case presentations, preclinical lab exer
	Steve Eakle/Sean	Small group discussions, coach evaluations, one-on-one instruction, CLE
PCC 139	Mong	resources, hand's on clinical experience
PCC 146.01	Susan Hyde	Lecture
PCC 146.02	Susan Hyde	Lecture
PCC 146.03	Susan Hyde	Lecture
PCC 146.04	Susan Hyde	Case presentation, lecture
PCC 147	Sheila Brear	Clinical experiences, simulation, reading assignments
PCC 148	Nelson Artiga	Clinical experiences
PCC 149	Peggy Leong	Hand's on clinical experiences, coaching evaluations, simulation
PRDS 104	Stephan Habelitz	Lecture, CLE resources
PRDS 106	Ram Vaderhobli	Hand's on laboratory simulation, lecture, CLE resources
PRDS 116	Sam Huang	Hand's on laboratory simulation, lecture, CLE resources
PRDS 117	Robert Ho	Hand's on laboratory simulation, lecture, CLE resources
PRDS 118, 127	Sean Mong	Hand's on laboratory simulation, lecture, CLE resources
PRDS 126	Daniel Mendoza	Hand's on laboratory simulation, lecture, CLE resources
PRDS 128	Ernest Kahl	Hand's on laboratory simulation, lecture, CLE resources
SciMeth 117	Stuart Gansky	Lecture, small group discussion, research and clinical excellence day presentations and poster session attendance, written assignments, evidence-based literature workshop, article critiques
SciMeth 118	Howard Pollick	Lecture

IDS 101 Prologue	Marieke Kruidering & Doug Schmucker	Lecture, small group discussion, dissection laboratory, microscopy laboratory, oral presentations, written assignments, discussion panels, reflective exersize CLE resources
IDS 102 Major Organ Systems	Dana Rohde & Leslie Zimmerman	Lecture, small group discussion, dissection laboratory, microscopy laboratory, oral presentations, written assignments, CLE resources, patient simulator, patient presentations, integrated radiology & pathology labs
IDS 103 M &N	Tracy Fulton & Leslie Zimmerman	Lecture, small group discussion, dissection laboratory, microscopy laboratory, oral presentations, written assignments, CLE resources, patient presentations and peer facilitated small groups, integrated histology, radiology & pathology labs

WASC - Courses/Course Directors

Teaching Methods

IDS 104 BMB	Dan Lowenstein	Lecture, small group discussion, dissection laboratory, neuropathology laboratory, TBL, oral presentations, written assignments, CLE resources plus patient presentations, reflective exercises, anesthesia simulator, neurology apprenticeship, psychiatry apprenticeship
IDS 105 I3	Anthony DeFranco, Peter Chin-Hong, Brian Schwartz	Lecture, small group discussion, dissection laboratory, microscopy laboratory, oral presentations, written assignments, CLE resources and journal clubs
IDS 106 M3	June Chan & Kathy Hyland	Lecture, small group discussion, dissection laboratory, microscopy laboratory, oral presentations, written assignments, CLE resources, plus patient presentations and integrated radiology, pathology and anatomy labs
IDS 107 Life Cycle	Susan Masters, Sara Newmann, Mike McMaster	Lecture, small group discussion, dissection laboratory, microscopy laboratory, oral presentations, written assignments, CLE resources and patient presentations
IDS131/132 FPC	Anna Chang	Lecture, small group discussion, patient interviews, PBL, preceptorship, standardized patients, CLE resources, clinical interlude
